My dear Mr Forman

Many thanks for the little
case, which reached me safely. The
bonnet is very pretty, we ones all
delighted with its neatness, and
good taste, so great a contrast to
such as are generally worn here, by
elderly ladies, who fancy that to be
in the fashion is all that is required

I fear it will be some time,
however, before I can make use of
it, for my health is very delicate at
present, and the cold weather is
unfavorable to me.

Enclose the requisite Document
for Mr Hargate, and the pension
Certificate, which you will have the

Kindness to despatch at your earliest convenience, for my Spanish claims are not yet arranged, and money is very scarce. Forgive my importunity, for you are the only friend who can feel any interest for me. I have enclosed them all.

Have the goodness to deduct from my account, the subscription for the Pale Ale, the bonnet, the Brabant and anchovy and every other thing else that I may have forgotten.

Give my love to your wife, and many thanks for her kind attention to me, and with my most hearty good wishes for the health and happiness of you all. Believe me to remain

Always yours sincerely
J. Keats de Llanos

My dear Mr Farmer

I am most sorry to annoy you so often, but my creditors are pressing, and with reason, for I ought to have paid them a month since.

Have the goodness to give a gentle hint to Messrs Blackgate that I should be glad to receive the Dividends as soon as convenient

I have been looking over all my papers, but have not been able to find the date when the application for the reduction of the Income Tax was made, and I dont know if it corresponds to the present year. With kind remembrances

Believe me to remain

Very sincerely yours J Peate de Flores
